EXPERIENCES

Full Stack Developer | Freelance | July 2022 – Present

- C#, .Net Core, TypeScript, Angular, Dart, Flutter, SQL Server, Firebase, etc….

Software Engineer | DocStreamSolutions | Apr. 2021 – Dec. 2021 | Monastir, TUNISIA.

- An internship for my End of Studies Project (M.S. Degree)
- Developed a microservice that will be used, as an API gateway, by other applications of the company.
- Developed another web application that will help the company to have a global view of all its applications with some graphs.
- Implemented the unit test, integrated test and others tests.
- C#, .Net Core, Sql Server

Web Developer | DocStreamSolutions | Aug. 2020 – Sept. 2020 | Monastir, TUNISIA.

- A summer internship.
- Developed a microservice module that will be integrated into an electronic document management already created by the company.
- Implemented with the MVC architecture.
- C#, .Net Core, Sql Server.

Android Developer | BonGest | Aug. 2019 – Sept. 2019 | Monastir, TUNISIA.

- A summer internship.
- Worked in collaboration with another developer and I was in charge of the mobile part for a real estate assets management platform.
- JAVA, Android Studio.

Full Stack Developer | BonGest | Feb. 2019 – June 2019 | Monastir, TUNISIA.

- An internship for my End of Studies Project (B.S. Degree).
- Developed a web / mobile platform for a vehicle fleet management.
- Was in charge of fully developing the platform, the design and the choice of architecture, under the supervision of a senior.
- Developed a side web API to be used by the mobile app.
- PHP, Laravel, NativeScript, MySQL, Firebase, Google Maps API.

PROJECTS

Fleet App | Web & Mobile | med-li-jr.github.io/fleetapp

A platform for a vehicle fleet management. It's a new and short version of my end of studies project (B. S. Degree) developed with new stack.

- C#, .Net Core, Angular, Flutter, SQL Server, Firebase, MapBox API.

Ride-Hailing App | Mobile

Two android apps, one for the driver and one for the rider. Both can see, on a map, in real-time, their location while they are traveling.

- JAVA, Android Studio, Firebase, Google Maps API.

Construction App | Mobile

A mobile app that helps a contractor to manage construction operations on his sites. From the equipment management to employee management and their schedule management.

- JAVA, Android Studio, Firebase.

SKILLS

HTML, CSS, JavaScript, TypeScript, Bootstrap, Sql, C#, Dart, .Net Core, Angular, Flutter, Firebase, Sql Server, Git/GitHub, Figma, etc…

LANGUAGES
